School Accountability Report Card

Reported Using Data from the 2015-16 School Year

Published During 2016-17

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

District Profile

Centinela Valley Union High School District is located next to the 405 freeway in the city of Lawndale, approximately 20 miles southwest of the city of Los Angeles. During the 2014-15 school year, the district's three comprehensive high schools, one continuation school, one independent study school, and one community day school served a total of 6,661 students in grades 9-12 residing in the cities of Hawthorne, Lawndale, and Lennox, and unincorporated portions of Los Angeles County. The district serves four feeder districts, Hawthorne Elementary, Lawndale Elementary, Lennox Elementary, and Wiseburn Elementary.

District Vision

The Centinela Valley Union High School District is committed to providing an educational environment in which all students succeed. Students will be prepared to meet the challenges of higher education and the future demands of a modern technological society.

School Profile

During the 2014-15 school year, Centinela Valley Independent Study School served 266 students in grades 9-12. Student enrollment included 20.8% qualifying for English learner support and 80.5% enrolled in the free or reduced-price meal program. Most students who experience difficulty in a traditional comprehensive high school setting often find success in an alternative program. The independent study structure enables students to progress through a standards-based curriculum at their own pace and learning level. Individualized instruction with certificated staff ensures students successfully acquire the necessary skills, knowledge, and concepts in all subject areas.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)

Year and month in which data were collected: September 2015

Instructional Materials

All textbooks used in the core curriculum throughout Centinela Valley Union High School District are being aligned to the Common Core State Standards. Instructional materials for core content areas are approved by the district’s Board of Education. The district follows the State Board of Education’s six-year adoption cycle for core content materials and the eight-year cycle for textbook adoptions in foreign language, visual and performing arts, and health.

On September 21, 2015, the Centinela Valley Union High School District’s Board of Education held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Education adopted the Resolution No. 15-16/006 which certifies as required by Education Code §60119 that (1) sufficient textbooks and instructional materials have been provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and context of the curriculum frameworks, (2) each pupil has a textbook or instructional materials, or both, to use in class and to take home, (3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, (4) laboratory science equipment was available for science laboratory classes offered in grades 9-12, inclusive, and (5) for students in grades 9-12, the instructional materials were adopted by the local governing board following district review of the materials and their alignment with state content standards as required by CCR, Title 5, Section 9531.

In addition to the core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for its visual/performing arts curricula. During the 2015-16 school year, Centinela Valley Union High School District provided all students enrolled in a visual/performing arts class with their own textbook or supplemental materials to use in class and to take home. These materials comply with the state’s content standards and curriculum frameworks.

School Facility Conditions and Planned Improvements (Most Recent Year)

Facilities Maintenance

School custodial staff and the district's maintenance department work together to ensure classrooms and campus grounds are well-maintained and kept safe and functioning for students, staff, and visitors. Maintenance and Operations (M&O) employs an electronic (web-based) work order system enabling school staff to communicate unscheduled maintenance needs, urgent repairs, or special projects. Most campus repairs and maintenance projects are performed by day and evening custodians. Emergency situations are immediately resolved either by the school custodian or district maintenance staff, based upon the nature of the situation. Two custodians are assigned to Centinela Valley Independent Study School and come on campus three days per week for routine maintenance, custodial duties, and special events preparations. Administrators and the custodian communicate daily regarding campus cleaning needs and safety concerns. The custodians are responsible for setting up the cafeteria for meals and activities, keeping restrooms clean and stocked, removing debris and emptying trash receptacles, and addressing minor repairs and maintenance issues. The custodians check restrooms regularly as a proactive measure in keeping facilities fully stocked, safe, and sanitary.

School safety and cleanliness are the custodian's highest priority and strongly emphasized as a component of their routines. The custodians receive training from department supervisors and supply vendors regarding proper cleaning methods, use of chemicals, and use of equipment. The district provides appropriate equipment and supplies to maintain a clean, healthy environment. The custodians and school safety officer inspect facilities routinely for safety hazards, graffiti, and other conditions that require immediate removal or correction. On an annual basis, schools are required by the state to perform a comprehensive inspection and report those findings to the school community. The most recent inspection for Centinela Valley Independent Study School took place in September 2 2015. The School Facility Good Repair Status table illustrated in this report identifies the state-required inspection areas and discloses the operational status in each of those areas. During the 2015-16 school year, 100% of restrooms were fully operational and available to students at all times.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Professional Development (Most Recent Three Years)

Staff Development

All curriculum and instructional improvement activities at Centinela Valley Union High School District are being aligned to the Common Core State Standards. Staff development is selected and identified based upon student assessment results, state content standards, and in-class observations. During the 2014-15 school year, the district offered two non-student professional development days; one day was devoted to district wide instruction and supplementary workshops on a wide range of topics. The second staff development day's activities were selected by each high school.

2014-15 District wide Topics

- Activate for Math, Science, and Social Studies Curriculum
- Common Core State Standards
- Common Formative Assessments
- Implementation of Performance Tasks Connection to Graduate Profile
- Synced for English Language Arts Curriculum

Throughout the year, Centinela Valley Union High School District provided training and support for identified concentrations and districtwide implementation of new and ongoing programs.

2014-15 Staff Development Offerings
