

CENTINELA VALLEY UNION HIGH SCHOOL DISTRICT

CVUHSD provides students with previously unimagined college and career opportunities by turning high school education into a personally relevant, engaging experience for all students through Linked Learning, a partnership with the California Department of Education, a variety of industries, and institutions of higher learning. This approach to education is designed to create an engaged, disciplined, and productive future workforce for California, ready to succeed in college, career, and life. The four guiding principles include:

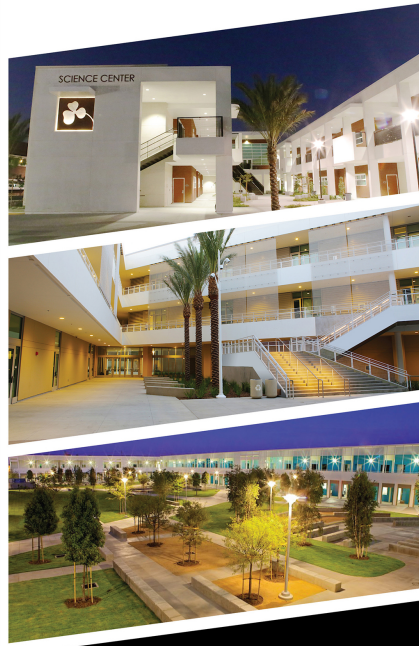

1. Rigorous academics that prepare students for success in California's community colleges and universities.
2. Career-based learning in the classroom that delivers concrete knowledge and skills through a cluster of three or more courses, emphasizing the practical application of academic learning, and preparing students for high-skill, high-wage employment.
3. Work-based learning in real-world workplaces via job shadowing, apprenticeships, internships, and professional skill-building opportunities.
4. Personalized support services that include counseling and supplemental instruction in critical needs areas.

CVUHSD's three comprehensive high schools offer a variety of Advanced Placement (AP) courses, and honors courses, California Partnership Academies (CPA), and a variety of programs in visual and performing arts, athletics, extracurricular opportunities, and Career Technical Education. Our students graduate and move on to universities including:

Cal Poly Pomona
Cal Poly San Luis Obispo
Brown University
Harvard University
Loyola Marymount University
Northwestern University
Notre Dame University
Penn State University
Pepperdine University
Stanford University
Syracuse University

University of Arizona
UC Berkeley
UCLA
UC San Diego
UC Davis
University of Southern California
Yale University
And many more!

PREPARING STUDENTS FOR COLLEGE, CAREER...AND LIFE!

COLLEGE AND CAREER READINESS ACADEMIES

SCHOOL OF CRIMINAL JUSTICE

Students are introduced to the fields of law enforcement, the judicial system, counseling, corrections and rehabilitation, mortuary science, and crime scene investigation.

MARINE SCIENCE ACADEMY

Study marine biology, oceanography, water technology and water solving problems and acquire an understanding and appreciation for the marine environment while gaining workplace experience in the marine science field.

ADVANCED ACADEMICS ACADEMY

Offers high-achieving students an opportunity to earn the prestigious AP International Diploma.

SCHOOL OF MANUFACTURING & ENGINEERING

Mastery in 3D design, CNC machining and robotics while working on industry-standard machines. Earn college credit and a certificate in Mechanical Engineering.

BIOMEDICAL CAREERS ACADEMY

Pathways include traditional or sports medicine; students will have an understanding of health and science career options in the biomedical sciences.

CULINARY CAREERS ACADEMY

Study health and wellness, food preparation, and restaurant management. Apply those skills in a state of the art culinary lab as well as the student run taco cart and Leu's Café & Catering.

TECHNICAL ARTS AND DESIGN ACADEMY

Integrating art, technology, and academics; students are trained in print, publication, web and graphic design.

ACADEMY OF CINEMATIC ARTS

Fosters a community of storytellers and digital artists through creative and collaborative project-based learning for students interested in digital filmmaking or digital animation.

ENVIRONMENTAL CAREERS ACADEMY

Examine design innovative approaches to preserving clean water, land and air while advocating for environmental awareness.

WOOD TECHNOLOGY PATHWAY

Focuses on traditional woodworking, furniture making, construction fundamentals, cabinetry and advanced computer aided manufacturing with projects ranging from skateboards and furniture to tiny houses, sailboats and more.

COMMERCIAL MUSIC PATHWAY

Stage Band with an emphasis on instrument expertise, live performances, songwriting, and recording. Brainstorm develop, plan, execute and review events using stage plots, professional sound equipment, stage equipment and lighting.

MULTIMEDIA CAREERS ACADEMY

Arts, media and entertainment-based academy with Game Design, Digital Photography, and Digital Video Production pathways.
